

## **Brussels Fashion Sales: An event not to be missed!**

The Brussels Fashion Sales, organised by [Mode-in.Brussels](#) ASBL, will be back on November 29th & 30th for the second edition of the year. The event will showcase 20 Brussels designers and offer a tour of the surroundings boutiques and workshops.

Visitors will be able to discover a range of designers and their collections from the current and previous seasons. From clothes and accessories to lingerie or jewellery, there is something to suit every budget. It will also be a chance to preview the creations of young recently-graduated designers. These two days of sales are an opportunity to access original pieces at attractive prices, while supporting local fashion.

[Mode-in.Brussels](#), a non-profit organisation created by Elizabeth Djam (Brussels Design September), dedicated to promoting Brussels designers, organises these sales twice a year, in spring and autumn, with the aim of bringing fashion designers into direct contact with the public and boosting the European capital's creative scene.

In addition to the Brussels Fashion Sales, the association intends to diversify its activities from 2025 onwards: organisation of an exhibition at Halles Saint-Géry, bringing together Art Deco and contemporary fashion, fashion shows for the general public, studio visits and workshops, sales of fabric from surplus collections, and more.

See you at the Brussels Fashion Sales on 29th and 30th November 2024!
